ROAN STEYN
Computer Science Student

BACKGROUND

Third year Bachelor of Computing Student at Belgium Campus iTversity, pursuing a specialization in Machine Learning and/or Artificial Intelligence.

My skill set encompasses a proficiency in programming languages such as C# and Python, with a strong foundation in object-oriented programing principles. I have a keen interest and growing expertise in machine learning techniques and applications.

CERTIFICATES OF COMPLETION

- C#
- Python 2
- Intro to OpenAI GPT API
- Statistics with NumPy
